Table 5.10 Rotated Component Matrix (Factors Identified) for testing and validating factors affecting consumer attitude formation for organic food products in three selected cities of Gujarat	147

Table 5.11 Rotated Component Matrix (Factors Named) for testing and validating factors affecting consumer attitude formation for organic food products in three selected cities of Gujarat	148
Table 5.12 Correlation between factors affecting consumer attitude formation for three selected cities in Gujarat	149
Table 5.13 Opinion of respondents from selected cities of Gujarat on whether they read relevant information about organic food products from magazines/internet/other sources to keep themselves updated with developments	150
Table 5.14 Opinion of respondents from selected cities of Gujarat on whether they are interested in experts' evaluation and comments on organic food products	151
Table 5.15 Opinion of respondents from selected cities of Gujarat on whether they like to talk about organic food products with relatives and friends	151
Table 5.16 Opinion of respondents from selected cities of Gujarat on whether they like to discuss about organic food products over social media platform	152
Table 5.17 Opinion of respondents from selected cities of Gujarat on if they could read for quite a while about organic food products without getting bored	153
Table 5.18 Views of respondents in the selected cities of Gujarat on if they like to know the opinion on organic food products from people who are interested	153
Table 5.19 Opinion of respondents in three selected cities of Gujarat on the fact that a lot of people are misinformed about organic food products	154
Table 5.20 Opinion of respondents from selected cities of Gujarat on whether they would like to know how organic food products are cultivated / produced	155
Table 5.21 Opinion of respondents from selected cities of Gujarat on whether consumption of organic food products is an important social advancement	156
Table 5.22 Opinion of respondents in three cities of Gujarat on whether they would choose organic food products if the price is same as conventional food products	156
Table 5.23 Opinion of respondents in three cities of Gujarat on whether they will buy organic food products if they could afford	157
Table 5.24 Opinion of respondents in three cities of Gujarat on whether they avoid food products containing harmful substances	158
Table 5.25 Opinion of respondents in selected cities of Gujarat on whether they would like to spend money on organic food products	158
Table 5.26 Responses from selected cities of Gujarat on whether using organic food products would give feeling of security from pesticides and other hazardous substances	159
Table 5.27 Opinion of respondents from three selected cities of Gujarat on if they would prefer organic food products over conventional food products in any situation	160
Table 5.28 Opinion of respondents from selected cities of Gujarat on whether there is substantial difference between organic food products and conventional food products	161
Table 5.29 Opinion of respondents from selected cities of Gujarat on whether they are interested in organic food products	162
Table 5.30 Opinion of respondents from selected cities of Gujarat on whether they enjoy talking to knowledgeable people	162
Table 5.31 Opinion of respondents from selected cities of Gujarat on whether organic food products are important for everyone	163
Table 5.32 Opinions of respondents in three cities of Gujarat on whether they would like to purchase or consume organic food products	164
Table 5.33 Opinions of respondents in three cities of Gujarat on whether they like the taste of organic food products	165
Table 5.34 Opinions of respondents in three cities of Gujarat on whether benefits derived from organic food products are worth their price	166

Table 5.35 Opinions of respondents in three cities of Gujarat on whether all organic food products are good	166
Table 5.36 Opinion of respondents in three cities of Gujarat on whether organic food products are appealing	167
Table 5.37 Opinion of respondents in three cities of Gujarat on whether they intend to increase their spending on organic food products.	167
Table 5.38 Opinion of respondents in three cities of Gujarat on whether they will recommend organic food products to others	168
Table 5.39 Opinion of respondents in three cities of Gujarat on whether they will purchase organic food products during their next visit to the market.	169
Table 5.40 Opinion of respondents in three cities of Gujarat on whether organic food products are good for health	169
Table 5.41 Opinion of respondents in three cities of Gujarat on whether quality of organic food products is good	170
Table 5.42 Opinion of respondents in three cities of Gujarat on whether organic food products are safe to consume.	171
Table 5.43 Opinion of respondents in three cities of Gujarat on whether people find organic food products to be costlier than conventional food products.	171
Table 5.44 Opinion of respondents in three cities of Gujarat on whether they like organic food products due to the health benefits they offer	172
Table 5.45 Opinion of respondents in three cities of Gujarat on if given a choice they will buy organic food products	173
Table 5.46 Opinion of respondents in three cities of Gujarat on whether for future purchases they plan to seek organic food products	173
Table 5.47 Opinion of respondents in three cities of Gujarat on whether food without harmful substances / artificial materials are important to them	175
Table 5.48 Opinion of respondents in three cities of Gujarat on the importance of health issues in making purchase decisions about food products	175
Table 5.49 Opinion of respondents in three cities of Gujarat on whether they are willing to spend more time to search for environment-friendly alternatives to the food products that they typically buy	176
Table 5.50 Opinion of respondents in three cities of Gujarat on their desire to buy organic food products if the price was as low as conventional food products	177
Table 5.51 Opinion of respondents in three cities of Gujarat on whether they strongly intend to purchase organic food products.	177
Table 5.52 Opinion of respondents in three cities of Gujarat on whether everyone should switch over to organic food products	178
Table 5.53 Opinion of respondents in three cities of Gujarat on whether government should encourage the purchase of organic food products through subsidies and other schemes ...	179
