## LIST OF TABLES

## LIST OF FIGURES

## ABBREVIATIONS USED

Sr. No.	Content	Page No.
1.	Abstract	1
2.	Introduction	3
3.	Hypothesis and Objectives	28
4.	Flow chart explaining the work done	31
5.	Overall Experimental details	32
6.	<b><i>Chapter 1: Screening of selected medicinal plants; Qualitative and quantitative phytochemical analysis</i></b>	
	1.1 Introduction	33
	1.6 Materials and methods	35
	1.7 Result	53
	1.8 Discussion	66
7.	<b><i>Chapter 2: Anti-proliferative and cytotoxicity evaluation of plant extracts</i></b>	
	2.1 Introduction	71
	2.2 Materials and methods	71
	2.3 Result	74
	2.4 Discussion	86

8.	<p><b><i>Chapter 3: Chemical Composition Analysis of S. virginianum</i></b></p> <p><b><i>Leaf Extract: Unveiling Phytochemical Diversity</i></b></p> <p>3.1 Introduction</p> <p>3.2 Materials and methods</p> <p>3.3 Result</p> <p>3.4 Discussion</p>	<p>90</p> <p>91</p> <p>94</p> <p>105</p>
9.	<p><b><i>Chapter 4: Elucidating the Molecular Interactions of Selected</i></b></p> <p><b><i>Secondary Metabolites from S. virginianum Leaf Extracts:</i></b></p> <p><b><i>Insights from Molecular Docking and Apoptotic Marker</i></b></p> <p><b><i>Analysis</i></b></p> <p>4.1 Introduction</p> <p>4.2 Materials and methods</p> <p>4.3 Result</p> <p>4.4 Discussion</p>	<p>109</p> <p>109</p> <p>111</p> <p>121</p>
10.	<p><b><i>Chapter 5: Enhancing Anti-Proliferative and Cytotoxic Activity:</i></b></p> <p><b><i>Exploring Melatonin Alone and in Combination with S.</i></b></p> <p><b><i>virginianum Leaf Extract</i></b></p> <p>5.1 Introduction</p> <p>5.2 Materials and methods</p> <p>5.3 Result</p> <p>5.4 Discussion</p>	<p>124</p> <p>128</p> <p>129</p> <p>133</p>
11.	<p><b><i>Chapter 6: Unlocking Anti-metastatic and Apoptotic Potential:</i></b></p> <p><b><i>Melatonin and S. virginianum leaf Extract Combinations in</i></b></p> <p><b><i>Breast Cancer Cell lines</i></b></p> <p>6.1 Introduction</p>	<p>136</p>

	6.2 Materials and methods	138
	6.3 Result	147
	6.4 Discussion	163
12.	<b><i>Chapter 7: Deciphering Anti-Cancer Pathways: Molecular gene expression and bioinformatics analysis of protein-protein interaction of S. virginianum Leaf Extract and Melatonin in Breast Cancer Cells</i></b>	
	7.1 Introduction	168
	7.2 Materials and methods	171
	7.3 Result	177
	7.4 Discussion	193
13.	Future possibilities	198
14.	References	200
