

## **ACKNOWLEDGEMENT**

I believe putting together Ph. D thesis is not an individual's work, rather it takes place with the support and contributions of several persons and groups, to whom I would like to express my deep gratitude and sincere thanks.

First and foremost, I would like to express my special appreciation and thanks to my Guide Dr. ARCHANA TOMAR, who have been a tremendous mentor for me. I would like to thank her for all the encouragement, guidance, constructive feedback, and positive approach on every stage of my research study. Her priceless advice, support, understanding and immense knowledge had always motivated me to grow and proceed further as a researcher and to take my research work to completion stage.

I would like to sincerely thank and am deeply grateful to DR. SANSKRITI MUJUMDAR, who had directed me to amazing avenues by believing in me and provided references for me to several technical institutes to conduct my research work. I wish to thank the PhD Committee members for their feedback, advice and suggestions. My sincere gratitude to the experts Ms. Monika Shah, Dr. Rishiraj Balwaria, Dr. Payal Desai, Dr Naimpally and Mr. Vinit Shah for their time to review and validate my developed tools of data collection.

I would like to thank Dr. Mandira Sikdar for the provided administrative and moral support. I also convey my thanks to Dr. PV Xavier, Head of School of Liberal Arts and Education, Navrachana University, Vadodara Gujarat and my senior Ph. D researchers for their encouragement and cooperation.

I wish to acknowledge the support and pleasure of working with the Principal, Head of Departments, Professors and students of Neotech Institute of Technology, Vadodara Institute of technology and School of Engineering and Technology, Navrachana University, Vadodara, Gujarat. I appreciate their constant support, insight, enthusiasm, and co-operation during my research work.

I am grateful to technical contributions provided by engineers and site supervisors of Cube Construction Engineering Limited, Neptune Realty Group and Gujarat Engineering Research Institute (GERI), Vadodara Gujarat with whom I have had the pleasure to work during the implementation of present study, which I am and will always truly appreciate. A personal note of

thanks to Mr. Tushar Shah, Mr. Jatin Shah for their support and extensive help in the journey of my research study.

Nobody has been more important to me in the pursuit of this research study than the members of my family. Most importantly, I wish to thank my loving and supportive husband Bikram and my two wonderful kids Arleen and Arwin, who provided me unending support, trust, and affection. I am sincerely grateful for all the blessings from my parents and my father-in-law which inspires me to face challenges and reach new heights.

Finally, and above all I would like to thank the Almighty for all the showered blessings, opportunities and giving me the courage to take up this research work, let me sail through all the bumps and challenges and gracing the hard work for reaching to the completion point.
